## INDEPENDENCE DAY

July 4, 2009

Holy wars or not, we fought them: World War II, Korea, the Cold War and Viet Nam. The Classes of 1943 – 1970 were there. Freedom is not for the faint of heart. To keep our Independence we must continue to fight for it, at home as well as abroad. As Coach Badgett used to say "It's not how many times you get knocked down that counts; it's how many times you get up." So, keep getting up!

## **Economy in Chaos**

Since our last Reunion, most of us are living through the biggest economic mess of our lives. It is useful to look for humor during difficult times, even though the problems are not joking matters. In spite of these issues, a good turnout for the Reunion is expected, although few are expected to arrive by Corporate Jet.

### In Memory of Our **Deceased Classmates**

by John Masters Classmates 1943 – 1970: ~2,983 Deceased: ~ 459 at June 15, 2009

Since I don't handle this issue very well, I tend to avoid bringing up the subject. However, a couple of events this year made me want to ask you to review this list of our Deceased Classmates.

The first event occurred a few months ago. I received an email informing me that Julian Harris was dead. Julian and I stayed in relatively close contact after graduation. He was the First String quarterback, a "ladies man" by reputation, and almost senior class president in 1963. In recent years a pace maker was his constant companion, even when he was dancing and acting a fool, like he was still quarterback! The email bothered me immensely, in part, because Julian made me promise him that I would see that he had a good turnout for his funeral. The email meant that I would not have the opportunity to keep that promise.

I sat there in partial disbelief for a while, and realized that I would not be satisfied until I had verified the news myself. I looked up his work number on my computer, and dialed the number while I wondered what I would say when the phone stopped ringing.

"Julian Harris. May I help you?" came through the receiver as I turned misty eyed. I replied "Julian! I heard you were dead!" "Nah, it was just a rumor started by an old unhappy girl friend." he said.

The second event happened just a few weeks ago. I received an email forwarded to me by a class coordinator for purposes of updating the data base with new contact information for a classmate of 1964. The body of the email referred to Billy Blair. Billy also played football with me and I always thought a lot of Billy. I replied with my question "Do you have an address for Billy, because, I recorded his death four years ago!" I not only received his current address but a photo: not bad for a guy that's been dead that long. And I still think a lot of Billy!

The Moral of this story is that "you can't always believe your email!" You can't just assume that the name you are looking for and find on the internet is actually the person you are looking for, either. For example, four or five years ago I was doing a record search for a New Jersey client, and found that there were at least 300 people with his exact name, just in New Jersey.

Please respectfully review the list of our Deceased Classmates. Chances are pretty good that a few of them are not deceased at all! Please notify me of any such errors that you find.

John Masters was president of the Class of 1963 and has been maintaining the database for the CPHS classes of 1943 – 1970 for about 10 years. johnmasters@mindspring.com.
